Profile

I am keen to expand my knowledge and skills as a web developer in the web design and development industry. This I am to achieve by applying the experience and skills learned.

I am also passionate to adapt these skill sets, while learning new ones within your organization, adding values and contributing towards achieving the organization's operational objectives.

I am always eager to tackle more complex problems and continue to find ways to maximize users' experience and efficiency.

Employment History

Nov. 2017 - Present : Fasta International School - Front End Developer

Key Responsibilities:

Implemented websites, mobile applications and landing pages from concept through deployment.

Standardized all output with responsive mobile first approach.

Assessed UX and UI designs for technical feasibility.
